MAC MAR CUPBEARER—A dark roan son of Shagbark Christmas Carol, the top selling of a former Kentucky Futurity sale. Cupbearer is low-set with plenty of bone, a wonderful head, extremely thick with a great quarter. He has been raised without the aid of a nurse cow as his mother is a heavy milker and a regular producer. She has another top bull calf now. We recommend this bull highly.

# JOIN THE NATION IN A KENTUCKY VACATION

Kentucky, the center of the nation's pasture belt, offers purebred dairy cattle breeders one of the most unique and effective state supported promotional events recently developed. By providing financial assistance for each of the major breeds, the Commonwealth vividly demonstrates its appreciation for the purebred cattle industry and the contribution it makes to the state and nation. Buyers and sellers of purebred dairy cattle and others who fully appreciate outstanding livestock should find it pleasing and convenient to meet in the Bluegrass State at these annual breed events. Kentucky enjoys a wide reputation as a progressive livestock state due to her rich limestone soil, the wide expanse of nutritious bluegrass pastures, skilled breeders, mild climates, and moderate rainfall. Some of the earliest advances in livestock production and marketing had their origin in this state.
